

Global Mail Business.

Scheduled collection of your international mail by DHL for processing by Deutsche Post Global Mail's specialised mail houses and despatching into postal networks around the world.

Your most convenient way to send international mail.

From product information and promotional mailshots to invoices and reports, regular communication with your customers around the world is critical to your business. The result can be mountains of mail that block your mailroom and drain your resource and budgets.

Global mail Business is your answer. It combines the strengths of DHL with Deutsche Post Global Mail, the international leader in cross-border mail, and is designed to deliver process and cost efficiencies for your mailroom and your business.

Deutsche Post 

GLOBAL MAIL

EXPRESS

No franking. No sorting. No hassles.

Let DHL pick-up your unsorted international mail, together with your other Express shipments.

- Choose Priority service for your most urgent mail to be processed first at our hubs and mail houses or Standard service for an efficient, cost-effective international mail solution
- Weighing and franking of individual pieces of mail and sorting by format and destination at state-of-the-art facilities around the world
- Ideal for all types of mail from important invoices, reminders and account statements to bulk mail such as mailshots, catalogues, annual reports and product information.
- Available for paper-based, non-dutiable items such as envelopes, flats and tubes
- Free collection together with your DHL shipments
- No pre-payment
- Simple tariff structure
- Competitive pricing.

Gain greater control over your business.

- Improve productivity in your mailroom
- Eliminate non-value added activities from your business
- Better budgeting and cost control.

Shipping tips.

- Volumes from 1kg until 250kg per shipment
